The reason for the adequacy assessment is to enable Us to act in your best interest. For this purpose, we have prepared the Adequacy assessment questionnaire to be completed.
2. The questionnaire shall be composed of questions about your knowledge and experience in the investment field and shall include the elements listed below to the extent appropriate to the nature of the client, the nature and extent of the service to be provided and the type of product or transaction envisaged, taking into account its complexity and the risks involved:
 - 1) the types of services, transactions and financial instruments of which you are aware;
 - 2) the nature, size, and frequency of transactions in financial instruments that you have carried out and the period over which they have been carried out;
 - 3) your educational level, as well as your current or previous relevant occupation(s).
3. Failure to answer some questions will result in the lowest possible score being awarded for this question.
4. If you refuse to complete the entire survey, you will not be able to assess whether the service is appropriate for you. As a result, we will warn you of this fact.
5. As a result of the adequacy assessment we can determine that the service and products are for you:
 - 4) adequate, or
 - 5) inadequate.
6. In the case referred to in paragraph 5(2) above, we may provide services to you, but we will notify you on a Permanent Information Storage medium, that the service may be inadequate for you because it involves risks not appropriate to your level of knowledge or experience, and that transactions in Financial Instruments involve the risk of incurring substantial losses in the event of adverse changes in the price of the Underlying Instrument.
7. You will be informed of the outcome of the questionnaire as soon as it is completed. Your result will be recorded and communicated to you in writing or on a Permanent Information Storage Medium. You will acknowledge receipt of the survey result in writing, by returning an acknowledgement of receipt, or by communicating by e-mail by sending you confirmation of your feedback.
8. Before entering into a Framework Agreement or opening your first account with the Trading System, we will also ask you to provide information regarding your objectives and investment needs in order to determine which target group you belong to.
9. We will use the information referred to in paragraphs 1 and 9 to determine your risk profile.
10. Once we have determined which target group you belong to, we will make this information available to you in writing or on a Permanent Information Storage Medium.
11. The target groups you are in may change, in particular if you change the information you provide in accordance with paragraphs 1 and 8 or if you change the rules for determining the target groups.
12. You should be aware that the financial markets, Financial Instruments, Underlying Instruments and other phenomena affecting trading in Financial Instruments are subject to rapid change and that the assessment referred to in sections 1 and 8 must be monitored by you and Us on an ongoing basis. If you find that the information you provided has changed, e.g. your knowledge or experience has changed, please let us know without delay.
13. We have the right to rely on information provided by you unless we are aware, or should be aware, that such information is manifestly out of date, inaccurate, or incomplete.

14. We may also ask you to complete the questionnaire again.
15. The assessment of the Client's compliance with the target market of financial instruments serves to fulfil the regulatory obligation specified in the Act and does not constitute investment advice.

§5 Client Classification and its change

1. As a rule, we qualify you, as well as all of our clients, as Retail Clients.
2. In addition, if you have a place of usual residence or registered office in the territory of the Republic of Poland, you may apply (at your written request) for granting you as part of Retail Client category the status of a Retail Client Experienced.
3. To obtain the status of a Retail Client Experienced you need to fulfill both of the following conditions:
 - 1) carried out any of the following activities over the last 24 months:
 - a) opening at least 10 transactions in contracts for differences with a nominal value of at least the equivalent in Polish zloty of EUR 50.000 each within the quarter in at least four quarters;
or
 - b) opening at least 50 transactions in contracts for differences with a nominal value of at least the equivalent in Polish zloty of EUR 10.000 each within the quarter in at least four quarters;
or
 - c) opening at least 40 transactions in CFDs within the quarter in at least four quarters, where the total nominal value of all opened transactions for the 24 months period under assessment is at least the equivalent in Polish zloty of EUR 2 000 000;
 - 2) having appropriate knowledge about derivatives, including contracts for differences, means any of the following:
 - a) you hold appropriate professional certificates or completion of a specialist field of study;
 - b) you completed at least 50 hours of training in the last 12 months in the area of derivatives, including contracts for differences, to be confirmed either by the relevant certificates or confirmation issued by the relevant organizer of the training or, in each case provided that the organizer of the training has verified your knowledge before any such certificate or confirmation is issued; or
 - c) at least one year of work experience at a position which requires professional knowledge of transactions regarding contracts for differences or other derivatives.
4. Retail Clients Experienced will be reviewed by us at least once every 12 months in order to check whether they still meet the relevant requirements.
5. Detailed rules for granting the status of a Retail Client Experienced are specified in the Clients' Classification Policy at Dom Maklerski TMS Brokers S.A. available on the TMS Brokers website.
6. As Professional Clients, we classify all the Clients designated in Article 3(1)(39b) of the Act
7. In addition, based on your application, we may qualify you as a Professional Client, which entails a reduction in the scope of protection to which you are entitled, only if you meet at least two of the following conditions:
 - 1) You have entered into transactions with a value of at least the PLN equivalent of EUR 50,000 each, in the relevant market, with an average frequency of at least 10 transactions per quarter during the last four quarters,
 - 2) the value of your portfolio of Financial Instruments together with the cash included in it is at least the equivalent in PLN of EUR 500 000,
 - 3) You work or have worked in the financial sector for at least one year in a position that requires professional knowledge of transactions in financial instruments or brokerage services to be provided by us to you under a Framework Agreement.
8. The equivalent of the amounts expressed in euro referred to in section 3 and 7 shall be determined using the average euro exchange rate published by the National Bank of Poland on the day preceding the date of submission of the application.

9. Before accepting the application referred to in section 7, you will be informed about the principles of treating Professional Clients when providing brokerage services.
10. In order for us to accept the application referred to in section 7, you must submit a written statement on your knowledge of the principles of our treatment of Professional Clients and the consequences of treating you as a Professional Client.
11. If you have been classified as a Professional Client, you may apply to us at any time for reclassification as a Retail Client.
12. In the case of a client qualified as a Professional Client, we believe that such client has the necessary (i) experience and (ii) knowledge to make the right investment decisions and to properly assess the investment risk related to those decisions.
13. Retail Clients have the widest scope of protection, while Professional Clients are considered to have a high level of knowledge of financial markets and products, are able to assess the investment risk on their own, and therefore we offer them a narrower scope of protection.

§6 Recording of data

1. The activities performed by you in the Transaction System are recorded. This applies in particular to your login times, submitted, modified and cancelled orders. The history shall cover a period of at least 12 months.
2. You can see the history of these activities yourself in the Trading System, unless more than one calendar year has passed since the activity was recorded. You may then ask us to provide you with certain data or information, and we must provide you with such data if we confirm your right to receive such data or information.
3. In addition, we record all telephone conversations with you. If you are unable to record your conversation on the number you call us to, we will ask you to contact us on a different number.
4. During the personal meetings, we will take notes of the conversations.
5. Recorded telephone conversations or correspondence between us and you, as well as records that result or may result in transactions, will be retained for a period of five years and, where requested by the Supervisory Authority, for a period of up to seven years. You authorize us to use such records for evidential purposes.
6. On your request, we shall provide copies of the documents referred to in sections 3, 4 and 5 for a period of five years and, where requested by the competent authority, for a period of up to seven years. In the case of selection of certain carriers indicated in the Table of Fees and Commissions, a fee shall be charged in the amount specified in the Table of Fees and Commissions.

§7 Remote identification

1. During the cooperation you will place Orders and instructions remotely.
2. To authenticate such remote Orders and instructions you will use access data (i.e. identifiers and passwords).
3. For Orders and telephone instructions, the identifier is your name or the name of the Client you represent and your telephone password. This password is defined by you in the Client's Data Card. This password may be changed by sending a new one in paper form with a signature consistent with your specimen signatures included in the Client's Data Card. If we have reasonable doubts about the identity of the person placing the order or telephone instruction, we may require additional data for the purpose of verification.
4. For orders placed through the Trading System, your login and password will be assigned by us. You will be asked to change your password when you log in for the first time. You can also change this password in the Transaction System at any time (except for the mobile and browser versions) after logging into this System. For security reasons, we encourage you to change your password at least once every 30 calendar days. We reserve the right to force you to change your password regularly.

5. You can also change any of the passwords to the Transaction System by calling Our telephone number, and after your identification and verification we will change your password and send you a new password in the form of SMS to the telephone number provided by you in the Customer Data Card. For security reasons, we encourage you to change this password immediately.
6. You should store your identification data in a safe place and not pass it on to third parties. All orders and instructions placed using the authentication data will be treated as authorized by you. We will have no reason to refuse to execute such an order.
7. We accept no liability for the consequences of disclosing the authentication data to third parties for reasons beyond our control.
8. You will be materially responsible for the consequences of all orders and instructions executed by us based on correct authentication data, therefore protect your password.
9. If you have any doubt or information that third parties may be using or using your authentication information, please contact us immediately by phone or e-mail to block access to the Trading System and create a new password. In case of phone contact, the password will be changed and after your prior verification we will provide you with a new password. In case of e-mail contact we will immediately call you back to the phone number given in the Customer Data Card and after your prior verification we will provide you with a new password. For security reasons, we encourage you to change this password immediately.
10. From the moment that we block your ability to place instructions by phone or to access the Trading System or your Client's Zone, you are not liable for any damage suffered by us as a result of the instruction given by persons other than you and persons entitled by you.
11. We shall not be liable for the consequences of the use by third parties of your Remote Identification Data, unless we are at fault for its disclosure. We are not responsible for the consequences of the use of your remote identification data by third parties.

§8 Amendment of identifying data and other claims

1. You must update your information immediately whenever you make any changes to it.
2. You make the update by completing and providing us with your Data Card, either by phone or electronically. The update consists in filling in a new Client Data Card, indicating the first and last name and filling in the data that have changed. If you send us your Data Card electronically, our employee will verify whether you have received it from the e-mail address previously disclosed to us and will then confirm this information with you by telephone. You can deliver the forms by post to our address or by scanning them at the following address makler@tms.pl
3. You are required to update your knowledge, experience or risk appetite.
4. You will update the information referred to in section 3 by completing it again and providing us with a service adequacy questionnaire.
5. We reserve the right not to take into account in whole or in part the updating of the information referred to in sections 1 to 3, if it contradicts data held by us or data available in the public domain.
6. The changes you make will apply to all your contracts.
7. We reserve the right to verify updates by telephone.
8. Updates that fail to pass the verification process will be rejected by us and will have no effect.
9. Updates will be made immediately.
10. We shall not be liable for any damage that you may suffer as a result of your failure to update this information, if your failure to do so is not due to our fault.

§9 Authorizations

1. You may appoint a proxy or proxies to perform activities related to the conclusion, annexation or termination of the Agreement.

2. The attorney makes declarations of intent on your behalf (e.g. willingness to enter into a contract) as well as declarations of knowledge (e.g. information about your e-mail address or about your knowledge and experience). You can also grant a power of attorney in the presence of our employee.
3. The authorisation must be in writing with notarized signatures and must include a power of attorney to make both declarations of will and knowledge.
4. In addition to the authorisation to conclude the Agreement, you may also appoint a proxy to place orders and instructions under the Agreement (unit agreements).
5. We need the following information for your attorney:
 - 1) for a proxy who is a natural person, the information specified in the par. 3 sec.1 pt. 1-7 and 9,
 - 2) for a proxy who is not a natural person, the information specified in the par. 3 sec. 3.
6. The authorisation may be temporary or unlimited.
7. The power of attorney may be revoked at any time. If the power of attorney is revoked, we will return the power of attorney document to you upon your request.
8. The attorney to conclude the Agreement may not appoint himself as the attorney to place instructions and orders, unless it results directly from the contents of the power of attorney.
9. The provisions concerning you shall apply to the attorney accordingly.
10. If we change our terms of service, we will keep you informed. You should inform your Attorney of any changes to these rules.
11. The specimen power of attorney to submit instructions and orders under the Agreement is determined by the Order of the President of the Management Board and is available at www.tms.pl/dokumenty.
12. If we have a reasonable suspicion that you have granted a power of attorney to a person who may perform an asset management service on your Account, in particular without a legally required permit, we reserve the right to block your access for the duration of the investigation. However, this time will not be longer than until you have received your firm statement that you have not granted a power of attorney to a person who may provide an asset management service in your Account.
13. By accepting these Terms of Use you confirm that you are aware that a power of attorney to your Account, if granted to a person or entity that is not authorized by the relevant state authorities to provide asset management services or an entity that is not otherwise authorized to perform asset management activities, even if it is a close person, you are exposed to the risks described above and to the risk of incurring a loss on Transactions. We are not responsible for such actions, because we do not manage your assets and all activities in your Account are undertaken independently, except for granting a power of attorney, which is allowed by law and in accordance with the above provisions of the Terms of Use.
14. The attorney may not grant any further powers of attorney.

§10 Confidentiality

1. Each Party to the Framework Agreement undertakes to maintain confidentiality with regard to the nature of the matter covered by the Framework Agreement and to use its best efforts to prevent the disclosure of such information, unless such disclosure is required by law, in particular following a request by a competent authority.
2. By signing the Framework Agreement you authorize us to provide all necessary information regarding you, your Cash Account, Registry and Operations Register upon request of the authorized authorities, to ensure compliance with the law, without the need for prior notice to you.
3. You acknowledge that we may be required to provide information regarding the beneficial owner of a Trade in Financial Instruments where the Underlying Instrument is a financial instrument that is listed on a foreign regulated market. This applies in particular to the Large Trade Reporting programme. You agree to disclose any necessary data concerning such

reporting, including those constituting Professional Secrecy with respect to the Beneficiary of the Transaction and details of the open Positions, to the authorities authorised by the local law of the exchange competent to process such data.

4. You are aware that you are aware of reporting obligations resulting from entering into transactions with the use of Financial Instruments. This applies in particular to reporting foreign currency exposures for the needs of the National Bank of Poland and reporting under Regulation (EU) No 236/2012 of the European Parliament and of the Council of 14 March 2012 on short selling and certain aspects of credit default swaps.
5. We are obliged to provide information on the Transactions you have entered into to the competent authorities of financial market supervision by virtue of the fact that you enter into transactions. In the case of natural persons, information on concluded transactions also includes personal data.

§11 Risk Awareness

1. By signing the Framework Agreement you represent that you have read and understood the document "Characteristics of Financial Instruments and Risk Description", which is an integral part of the Framework Agreement.
2. Remember that the risks described below are one of many that accompany the implementation of the Framework Agreement. Please note that if you are unsure of the possibility of incurring a risk, or if you are unsure whether you may incur a risk in a particular situation, you may contact us to explain the exact content of the risks
3. By signing the Framework Agreement you further represent that you are fully aware in particular of the fact that, due to, but not limited to, the high leverage of transactions under the Agreement concluded between us, there is a high risk of incurring financial losses that may exceed the amount of funds deposited on the Cash Account, including the Margin Account. In particular, you represent that you are aware that:
 - 1) Due to the low value of the Margin in relation to the nominal value of the Transaction, a change in the price of the Underlying Instrument underlying the Financial Instrument may result in a loss exceeding the level of cash deposited,
 - 2) if we exercise our rights under the Framework Agreement or the Terms of Use to execute a Transaction on your account without an order or instruction, any financial result arising from the Transaction will be credited to your Cash Account,
 - 3) it is not possible to guarantee the realisation of a profit or avoidance of a loss on a Trade in Financial Instruments, you have never received such a guarantee from us, and the fact of signing the Framework Agreement was not dependent on the receipt of such guarantee in the future.
4. You guarantee that you are able to financially and in any other way accept the risk of entering into transactions, including highly leveraged ones.
5. You release us from any liability for any loss arising out of the risks described in the Contractual Documentation or incurred as a result of any action or omission taken pursuant to any of the recommendations set forth in Section 8 of these Terms of Use, provided that we have exercised reasonable diligence in giving such recommendations.

Chapter III - Unit agreements - Transactions

§1 Orders, Transactions and Positions - general provisions

1. The basis for concluding a Transaction is placing an Order in the manner described in these Terms of Use, which is subject to disclosure in the Transaction System.
2. An order may be placed by you, your attorney or by us if the conditions set out in these Terms of Use and in the Contract Documentation are met.
3. The execution of the Order depends on the fulfilment of the conditions set forth in this Order (in particular through the occurrence of market conditions for the execution of such Order) and

on the fulfilment of the requirements arising from these Regulations (e.g. the requirement to have sufficient cash resources on the Cash Account).

4. Execution of the Order results in concluding a Transaction.
5. A Trade may result in the opening of a new Position or in the closing of an existing Position.
6. Orders shall be executed only on the Transaction System transaction server.
7. You may place Orders through the Trading System or by telephone during the business hours of the Customer Service Department or in person at our offices.
8. Orders shall be executed in accordance with the Policy of Order Execution in Dom Maklerski TMS Brokers S.A.

§2 Types of Orders

1. As part of the Transaction System, we provide you with the following types of Orders:
 - 1) "**Market**" - immediate orders executed at the market price. This means that after you place such an Order, it is executed at a price that is available in the Order Execution System at the moment of its execution. As a result, the execution price may be different from the price you see on the Trading System at the time you place such an Order, and the target execution price may be both better and worse.
 - 2) "**Limit**" - a pending order activated in a situation when the price Quoted in the Transaction System reaches the price specified in the Order, subject to sub-paragraph 2; execution takes place in the "market" mode, at the moment of placing the Order to buy the activation price is lower than the current market price (ask), at the moment of placing the Order to sell the activation price is higher than the current market price (bid).
 - 3) "**Stop**" - a pending order activated in a situation when the price quoted in the Transaction System reaches the level specified in the order, subject to sub-paragraph 2; the order is executed in the "market" mode; at the moment of placing a buy order, the activation price must be higher than the current market price (ask); at the moment of placing a sell order, the price must be lower than the current market price (bid).
 - 4) "Stop Loss" - a pending Order aimed at closing an open Position in order to limit losses, an Order activated if the price Quoted in the Transaction System reaches the level specified in the Order; the Order is executed in the "market" mode, for a Stop Loss Order, it is executed at the "bid" price: for a Stop Loss Order, it is executed at the "ask" price.
 - 5) "Take Profit" - a pending order aimed at realizing profit from an open Position, an order activated if the price Quoted in the Transaction System reaches the level specified in the order; the order is executed in the "market" mode, for a Take Profit Order, it is executed at the "bid" price: for a Take Profit Order, it is executed at the "ask" price.
2. Price levels specified in Stop Loss, Stop, Take Profit and Limit Orders are only the levels that activate the Order. Realization of Your Order after its activation goes into the "market" mode, This means that the Order can be made at a better, inferior or same price as specified in the Order. We execute such Orders in accordance with our Order Execution Policy in Dom Maklerski TMS Brokers S.A. i.e. immediately, however, it should be taken into account that between the activation and the completion of the Order the time in which the price may change. The order fulfillment price reflects the market price, which takes into account our commission from the moment the order is processed.
3. In addition, you have the possibility to place a "**Trailing Stop**" Order - this Order is activated in the case of achieving a defined profit expressed in quotation points. When the Trailing Stop activation level is reached, it works in such a way that the Trailing Stop execution rate is reached:
 - 1) for a long Position - increased by the value of trading points by which the current price quoted in the Trading System increased, while maintaining a constant difference between the current price and the defined value of profit expressed in trading points, and the execution of the trailing stop shall take place when the price falls by the defined value of profit expressed in trading points, subject to sub-paragraph 4,

- 2) for a short Position - reduced by the value of quotation points by which the current price quoted in the Trading System decreased while maintaining a constant difference between the current price and the defined value of profit expressed in quotation points, and the execution of the trailing stop shall take place when the price increases by the defined value of profit expressed in quotation points, subject to sub-paragraph 4.
4. The trailing stop can only be submitted, modified or cancelled by you at your end of the MT5 Terminal Transaction System (installation version). A trailing stop order remains active provided that you are logged in to the MT5 Terminal internet channel (installation version). In case of logging out from the Transaction System (installation version) (on condition of earlier activation of the Trailing Stop), the Order is automatically converted into the Stop Loss Order at the last price of the active Trailing Stop.
5. A trailing stop order may not be placed, modified or cancelled by you through a written or telephone instruction.
6. Trailing Stop Orders are not available via the Internet browser (version of the Transaction System) or via the version of the Transaction System for mobile devices.
7. For one position, Trailing Stop cannot occur more than once every 10 seconds.
8. Only one Trailing Stop can be set for each open position or pending order.
9. If there are several positions with Trailing Stop at a single symbol, the Trailing Stop is processed in a specific way. When a tick arrives, only a Trailing Stop of the last opened position is processed. If yet another tick arrives for the same symbol within 10 seconds, a Trailing Stop of the next position (opened second last) is processed. If the next tick arrives later than 10 seconds, a Trailing Stop of the position opened last is processed again.
10. When placing a stop, limit, stop loss or take profit order, a minimum distance from the current market price may be required. The minimum distance to the current market price will be specified by us in the Financial Instrument Specification.
11. You can also place " market " orders using the "One-Click" function.
12. Orders may be placed or modified only during the trading hours of a given Financial Instrument.
13. Orders shall have the following validity dates:
 - 1) GTC - valid till cancellation,
 - 2) GTD - Valid until the specified time of the specified day,
 - 3) The default validity term is "valid until cancellation" (GTC) - unless you indicate otherwise, this is the validity term of the order.
14. Pending orders can be deleted in the following situations:
 - 1) Stop out;
 - 2) Rollover;
 - 3) failure to meet the requirements necessary for the relevant Transaction;
 - 4) closing the account;
 - 5) Corporate event;
 - 6) 365 days after its submission, immediately after the expiry of that period;
 - 7) after removing the Financial Instrument being the subject of the offer from the offer;
 - 8) After the financial instrument offered has been transferred to the "close only" mode.
15. Upon your request, we may prepare and provide you with information on the current status of Order execution (applies to pending Orders).

§3 Quotations of financial instruments

1. Quotations available in Our Trading System may be Quotations created by Us on the basis of information and market from Quotations Sources (processed data).
2. Quotations available in Our Trading System may also be Quotations directly from Quotations Sources. If so, you may request information from Us about the Quotation from the Quotation Source and its data under these Terms of Use.

3. Detailed rules of creating Quotations for particular Financial Instruments are specified in the Order Execution Policy in Dom Maklerski TMS Brokers S.A.
4. If we have reasonable grounds for doubting that you are entering into a Trade in bad faith with the purpose of using a wrong quotation or that you are pursuing a strategy of investment that is inconsistent with the equality of the Parties under this Agreement and that is designed to exploit a technological or information advantage, we reserve the right referred in § 15.
5. You have the right to withdraw from a Transaction in a Financial Instrument for which the Underlying Instrument is a financial instrument traded on the trading venue if the Transaction was executed at the price at which the Transaction would not have been executed on the trading venue (the Transaction was executed outside the maximum limits set by the trading venue), pursuant to the rules set out in § 15, respectively.
6. Request for price - we will respond to your request for a price; in your request for a price you will indicate important terms of the Transaction, in particular the Financial Instrument, the denomination of the Transaction and the Transaction Party. In response to your request, we will provide you with information on the price at which we are able to execute the Transaction. Once you have received our offer you can either accept or reject it. In accordance with the Policy of Order Execution in Dom Maklerski TMS Brokers S.A., your acceptance of the price does not guarantee the execution of the Order.
7. We offer a fixed or variable trading spread. In the case of a fixed transaction spread, its target value is specified in the Financial Instruments Specification Table, subject to subparagraph 8 below.
8. Spreads may be extended beyond the scope specified in section 7 and the customary scope specified in the Specification of Financial Instruments:
 - 1) outside working hours of the local market for a given Financial Instrument,
 - 2) in a situation where there are above-average fluctuations of exchange rates,
 - 3) in a situation where there is limited liquidity in respect of Financial Instruments,
 - 4) in the light of important economic and political developments affecting the market situation,
 - 5) within holidays of the local market for a given Financial Instrument,
 - 6) in the event of the occurrence of any of the events defined in Chapter 6 § 6 of the Regulations as Exceptional Circumstances.
9. Extension of transactional spreads on the principles referred to in section 8, does not require Your prior notification.
10. At your request, we may provide other terms of concluding a Transaction after you meet the requirements set by us.

§4 Execution of the Order

1. We will execute Orders by entering into transactions for our own account with you, provided that you have agreed to such a manner of executing orders placed by you in the Framework Agreement.
2. We are an Order Executing System, but we do not operate a trading system.
3. Execution of your Order may result in:
 - 1) Opening of position
 - 2) partial closure of the current position,
 - 3) the position is closed completely.
4. We may refuse to accept or execute an Order or any other instruction from you if:
 - 1) the price has changed since you placed your Order,
 - 2) The Financial Instrument is not Quoted at a given time,
 - 3) you place an Order to open a new Position, while the Financial Instrument is offered only in close only mode,
 - 4) you place an Order to open a new Position, while the Financial Instrument is offered only in short only mode and long only mode,

- 5) other conditions specified in the Policy for Order Execution or in the Specification of Financial Instruments have not been met,
 - 6) in the event of exceeding the exposure limits referred to in § 13,
 - 7) in the event of the occurrence of one of the events defined in Chapter 6 § 6 of the Terms of Use as Exceptional Circumstances.
 - 8) The subject of the order are instruments not included in the Financial Instruments Specification,
 - 9) the Order or instruction was placed in breach of the provisions of generally applicable law, the Framework Agreement or the Regulations,
 - 10) in other cases provided for by law or specified in the Regulations, the Framework Agreement, the Contractual Documentation,
 - 11) we have a reasonable suspicion that you are manipulating the trading system on which the Underlying Instrument is listed.
5. If it is not possible to execute your Order, we will notify you of this fact immediately in the Trading System.
 6. Upon your request, we will provide you with information on the status of Order execution.
 7. Trades in Financial Instruments are executed by us by entering into a transaction directly with you which creates a Conflict of Interest.

§5 Procedure and conditions for submission of written Orders

1. You may submit written Orders to buy or sell Financial Instruments, as well as instructions concerning modification or cancellation of previously issued Orders.
2. Written orders, their modifications or cancellations may be submitted only by you or your attorney, if you personally appear in the Customer Service Centre in order to submit such an order.
3. Your written Order should contain, in particular, the following parameters:
 - 1) Name and surname (name)
 - 2) name and surname of the person placing the Order, if the Order is placed by a person acting on your behalf,
 - 3) Account number,
 - 4) date and time of placing the order
 - 5) type of transaction (buy/sell)
 - 6) Type of order
 - 7) Name of the Financial Instrument being a subject of the order:
 - 8) the denomination of the transaction being the subject of the Order,
 - 9) price of execution of a pending Order - price at which you would like the Order to be executed (remember that we do not guarantee execution at the price specified by you),
 - 10) Order validity date,
 - 11) a specific designation to distinguish the Order from other Orders,
 - 12) Signature,
 - 13) other elements, if required by law,
 - 14) other elements, if their presentation is required due to the nature of the Financial Instrument being the subject of the order.
4. If you place several Orders, you are obliged to specify the order in which they are to be sent for execution, otherwise transactions are concluded in the order in which they were placed.
5. A specimen of a written order is available in the Customer Service Point and on our website.
6. Written Orders are accepted in our Customer Service Point during the Customer Service Point operating hours.
7. Cancellation of an Order consists in indicating its number and submitting a declaration of will on its cancellation.
8. Modification of the Order shall consist in indicating and determining the changed Order parameters.

9. Our authorized employee shall confirm receipt of a written Order for execution by signing a document containing an Order or Orders.
10. If the Order does not contain all the information referred to in 2 or cannot be accepted by us for any other reason, we will promptly notify you thereof in the manner agreed in the concluded Framework Agreement.
11. Information on the working hours of the Customer Service Centre and our working hours is available on our website.
12. You may submit written Orders to cancel and modify your Orders until we are able (or permitted to do) to cancel or modify your Order.

§6 Telephone instructions to issue Orders

1. You may submit telephone instructions to issue Orders, as well as instructions concerning modification or cancellation of previously issued Orders.
2. You may submit the telephone instructions referred to in §6 during your working hours only to the telephone numbers indicated by us in the TMS Brokers Information Sheet.
3. By signing the Framework Agreement you grant us a power of attorney to issue and sign Orders on your behalf on the basis of instructions given by telephone.
4. Acceptance of the telephone instruction referred to in §6 is preceded by identification.
5. You acknowledge that a fee will be charged for placing a Phone Order in accordance with the Table of Fees and Commissions.

§7 Procedure and conditions for submission of telephone instructions

1. In order to submit telephone instructions, you set a telephone password in the Client's Data Card.
2. It is in your interest to keep your password confidential to prevent it from being disclosed to unauthorized persons. If you suspect that your password is in the possession of unauthorized third parties, you are obligated to notify us of this fact in order to set a new password.
3. Acceptance of an Order issued on the basis of a telephone instruction for execution does not have to be confirmed by us.
4. For evidential purposes, we record instructions by telephone. We can record phone calls in other situations as well. You agree to the recording of calls in order to document the provision of brokerage services.
5. We record your telephone instructions on a Permanent Information Media. These carriers are stored for a period specified by law.
6. We are not responsible for executing the Order in accordance with the telephone instruction of an attorney or a third party, other than a duly authorised attorney, if the conditions for accepting the instruction in accordance with the Regulations are met, and in particular if in the content of the instruction this person correctly provided your name or surname, the number of the Cash Account and the correct telephone password, unless you have previously informed us of the possible access to the above mentioned securities by unauthorized persons.
7. Your Phone Order should contain, in particular, the following parameters:
 - 1) Name and surname (name)
 - 2) name and surname of the person placing the Order, if the Order is placed by a person acting on your behalf,
 - 3) account number (login),
 - 4) type of transaction (buy/sell)
 - 5) Type of order
 - 6) Name of the Financial Instrument being a subject of the order:
 - 7) the denomination of the transaction being the subject of the Order,
 - 8) price of execution of a pending Order - price at which you would like the Order to be executed (remember that we do not guarantee execution at the price specified by you),

- 9) Order validity date, if different than GTC,
- 10) other elements, if required by law,
- 11) other elements, if their presentation is required due to the nature of the Financial Instrument being the subject of the order.

§8 Orders placed directly in the Transaction System

1. Under the Framework Agreement and these Terms of Use, we allow you to place Orders directly in the Trading System.
2. We accept Orders directly to the Trading System via Internet and mobile access channels to the Trading System. We recommend that you use multiple access channels to the Trading System.
3. Individual access channels to the Transaction System may differ in terms of available functionalities. We shall not be liable for the lack of a given functionality in the selected access channel to the Transaction System.
4. You are required to keep the software up to date, update it and familiarise yourself with new features and limitations of the channel of access to the Trading System of your choice, as well as to notify us of any detected irregularities in the functioning of this channel of access to the Trading System.
5. The elements required for placing Orders directly in the Transaction System are limited to the selection of the direction of the Order, the nominal value of the Transaction and other elements appropriate for a given type of Order specified in the Transaction System.

§9 Procedure and conditions of placing Orders directly in Transaction System

1. In order for you to enter into a Trade directly on the Trading System, we will provide you with the following personally identifiable information to enable you to access the Trading System:
 - 1) login,
 - 2) password.
2. Identification data shall be provided upon opening a Cash Account by e-mail, telephone, against a receipt or by registered mail with a return receipt.
3. It is in your interest to keep your identification data confidential to prevent it from being disclosed to unauthorized persons. If you suspect that your identification data for accessing the Trading System is held by unauthorized third parties, you should change your password or contact us. We shall not be liable for damages arising in connection with the execution of Orders and instructions given prior to your notification to us of the possible use of your personally identifiable information, but such notification shall be made to you only if we have a serious doubt as to the disclosure of your personally identifiable information.
4. In the event that you generate a significant number of inquiries materially debiting the Transaction System, we reserve the right to temporarily block your accounts, which will be preceded by a notification to you via e-mail or telephone.
5. We may set in the Order of the President of the Management Board a limit on the number of requests for the price of a financial instrument or orders, their modification or cancellation submitted by clients directly to the Transaction System, as well as the procedure for blocking clients' accounts.
6. Remember, that all activities we undertake in the Transaction System, as far as they are covered by these Terms of Use and result from the willingness to provide you with security, are aimed at protecting your financial means against incurring a loss. Due to the complexity of the Trading System, the risks associated with it and the Financial Instruments, we will not always be able to provide you with security and protection against loss, so you must be aware that we will not accept our responsibility if we acted in the best faith to protect your funds. However, you may not be held responsible for protecting your funds if the loss resulted from open Positions or closed Positions but not cleared (not cleared) or other acts or omissions that resulted from your will, and we had no material and serious reason to interfere with the Trading System and the

right to intervene did not arise directly or indirectly from the legal basis described in these Terms.

§10 Instruments

1. All Financial Instruments on which we execute orders are specified in the Financial Instruments Specification: TMS Trader, TMS Connect, TMS Prime depending on the offer variant you have selected.
2. As part of our Trading System, we may amend the list of Financial Instruments available in our Trading System by adding new or removing existing Financial Instruments and other parameters set out in the Contractual Documentation. We will keep you informed of any changes in accordance with these Terms of Use.

§11 Opening of position

1. A Position shall be opened as a result of execution of an Order and execution of a Transaction.
2. The opening of a Position means the creation of rights and obligations related to the purchase or sale of a Financial Instrument.
3. The opening of the Position results in opening to investment risk and risk the currency conversion of the result on an instrument denominated in a currency other than the one in which your Cash Account is denominated. These risks and their potential consequences are explained in the Risk Characterisation and Description of Financial Instruments.
4. Opening and maintaining the Position may involve charging fees as specified in the Table of Fees and Commissions, in the Regulations and in the Contractual Documentation.
5. Unless otherwise stated in the Contractual Documentation, you have the option of opening opposing Positions.
6. Opposing positions, although included on the same denomination and on the same Financial Instrument, have the following effects:
 - 1) we will charge separate Swap Points for long positions and separate Points for short positions,
 - 2) You will be exposed to the risk of widening the spreads (we measure the long and short position separately),
 - 3) you will be exposed to the risk of currency conversion (converting your result into an open position in the Base Currency of your Account).
7. The condition of executing the Order opening the Position is having the Order covered in cash, which means having Free Cash in the Operational Register in the amount not lower than the Margin Account necessary to secure this Position. If we execute the opening Order, you are aware of and agree that the Free Cash, without any prior notice to you, will be used as a Margin.
8. If the Margin Account required to execute the order opening the Position exceeds the Margin Account amount recorded in the Operational Register, the Order shall not be executed by the Transaction System.
9. Pending orders (i.e. orders other than at the current price) may be placed and accepted by the Trading System. Verification of the coverage of this Order shall take place at the moment of its transfer for execution after meeting specific conditions set forth in the Order (in particular, the price defined by the Client appears). If the Margin Account required to execute the order exceeds the amount of Free Cash recorded in the Operational Register, the order shall be cancelled and automatically removed from the Transaction System and no Transaction shall be executed.

§12 Closing of position

1. Closing of a Position means the termination of rights and obligations related to the purchase or sale of a Financial Instrument and results in a change in the Exposure and a change in the value of the Margin Requirement.

2. A Position is closed when you indicate a selected open Position recorded in the Register and then place a closing order for the indicated Position in whole or in part, or when you indicate opposing Positions and link them for the purpose of Settlement.
3. If the denominations of the Open and Closed Positions differ, the Position will only be partially closed up to the height of the lower Position.
4. Opposing positions can be closed with the use of the "Close by" function available in the Register of Financial Instruments.
5. The closing of the Positions in the manner described in sections 3 and 4 above is available as an installation version of the Trading System, but will not be available as a web or mobile version.
6. Some of your Positions may be closed by us in the event that any of the following events occur that cause us to close the Positions immediately after they have occurred:
 - 1) lapse of 365 calendar days from the date of opening;
 - 2) in the event of exceeding the exposure limits referred to in § 13 below,
 - 3) achieving "stop-out" referred in Chapter 4 § 4 sec. 4;
 - 4) withdrawal of financial instrument;
 - 5) withdrawal of underlying instrument;
 - 6) some Corporate Events e.g. a division or merger of securities;
 - 7) termination of the Framework Agreement;
 - 8) other events resulting from the Terms of Use or generally applicable regulations.
7. The consequence of closing the Position is the settlement of the result on account of closing the Transaction, made immediately on the Cash Account.
8. If the financial result arising from the closing of a position is denominated in a currency other than the Account's Base Currency, such result shall be translated into the Account's Base Currency at the Exchange Rate at the time of the Settlement of such result.

§13 Limits of exposure

1. We reserve the right to set limits on exposure in particular Financial Instruments or groups of Financial Instruments or in relation to the entire exposure or individual Cash Accounts.
2. The exposure limits are specified in the Specification of Financial Instruments.
3. There are two types of limits:
 - 1) The limit on a Financial Instrument is your maximum total volume on Positions and pending orders in one direction (e.g. buy);
 - 2) Exposure Limit - the maximum amount of Exposure that you will be able to have open in a Financial Instrument or a group of Financial Instruments (e.g. oil-based instruments).
4. The exposure limit referred to in section 3 item 2 above shall apply to all Accounts held by you, as well as Accounts of Related Persons.
5. You are required to monitor your exposure, including in particular the continuous monitoring of the exposure to all your Accounts, so as not to exceed the limits set out in this paragraph.
6. The Transaction System shall prevent you from placing an Order which will result in exceeding the exposure limit referred to in sub-paragraph 3 (1) of this paragraph above.
7. If it is found that you have exceeded the exposure limit referred to in sub-paragraph 3(1) or (2), we will close your position in the Financial Instrument in question in whole or in part without further notifying you.
8. The closing referred to in section 6 above shall be carried out starting from the largest Transactions, calculated by denomination; the second one shall be the date and time of opening the Transactions (starting from the earliest Open Transaction), provided that a given market is open.
9. After the closing, referred to in subparagraph 6 above, we will notify you of this fact by e-mail or through the Transaction System.

§14 Algorithmic mechanisms

1. In the Trading System, we may provide you with the opportunity to place Orders based on algorithmic mechanisms, provided that all parameters concerning the algorithm have been specified by you.
2. The algorithms you create, as referred to in §14, may lead to a Transaction without your participation, provided that the conditions specified in the algorithm are met.
3. You use the mechanisms referred to in section §14 and 1 above at its own risk and liability.
4. We shall not be liable for your losses or lost profits related to the execution of Orders using algorithmic mechanisms. We are not responsible for failure to execute Orders, for any delays in execution, failure to generate Orders, or incorrect generation of Orders using algorithmic mechanisms. In particular, we shall not be liable for any such events arising as a result of software errors, errors in Quotations or interruptions in the Internet connection with Us, for which we are not responsible.
5. We do not have access to your algorithms and therefore we do not guarantee a specific financial result on transactions concluded with the use of algorithmic mechanisms.
6. We treat algorithmic trades as if they were yours.
7. We shall not be liable for errors related to the operation of the algorithmic mechanism and the execution of Orders generated with the use of the algorithmic mechanism.
8. If you wish to enter into an algorithmic Trades, you may not:
 - 1) use external data sources, in particular quotes, prices, exchange rates, quotation time data, the quotation provider and other price parameters,
 - 2) change the prices, times, quotes, spreads, limits and any other parameters of the Financial Instruments We quote,
 - 3) change the settings, parameters and other features of the Transaction System and Financial Instruments, in particular the values related to the Quotation of open positions, the value of the Account Balance, the Balance of the Operational Register, the Registration Register, the Operational Register, the values of Swap Points, trading hours, the Rollover time,
 - 4) otherwise affect the Trading System and the features and parameters of your Financial Instrument for any purpose other than by placing Orders to Trade solely on the basis of the trading parameters and the Trading System as defined by us.
9. Placing, removing or modifying Orders by you with the use of algorithmic mechanisms is treated as Orders placed by you.
10. You may not modify the Orders, quoted in the section §14 by submitting a written instruction or by telephone.
11. It is not possible to run automatic strategies in web or mobile versions.
12. We will be able to remove you from algorithmic trading at any time if we have reasonable grounds to believe that orders placed by you may adversely affect Our Trading System and the trading venues on which the Underlying Instrument on which we have based is traded.

§15 Quotations Errors

1. Price quotations in the Trading System from the Sources of Trading may contain errors in the price level that existed in the market at the time of execution of your Order. Such erroneous Quotations are for reasons for which we are not responsible and have no influence.
2. We make every effort to ensure that such situations occur as rarely as possible, but due to the unpredictability of such events, you must take into account the fact that events of this type are possible even in the course of cooperation with reputable Quotation Sources.
3. You should be aware that we are not responsible for errors in the Quotations due to reasons beyond our control.
4. In certain circumstances, the Quotations in the Trading System may contain errors as a result of a limitation or loss of liquidity in the relevant market, extraordinary price fluctuations, other circumstances defined as Exceptional Circumstances or technical errors in the transmission of

data from Quotations Sources (hereinafter, "**Erroneous Quotations**" or "**Erroneous Price**"). A transaction concluded at an incorrect price is deemed:

- 1) a transaction in the Transaction System, which was concluded at a price deviating from the price presented by two Reference Entities at the moment when there were premises for executing the Order in the Transaction System, by the value of base points indicated in the Specification of Financial Instruments indicated for a particular Financial Instrument in the column "**Quotation tolerance**",
- 2) The Organized Market on which the Underlying Instrument underlying the Quotation of the Financial Instrument is listed shall cancel the Transactions on which the Quotation was determined or the Underlying Instrument quoted on an Organized Market underlying the Quotation was suspended and you entered into a Trade with Us in that Financial Instrument after the suspension of the Quotation.
5. If the events referred to in section 4 occur, both we and you are entitled to:
 - 1) a change in the transaction price (the price of the Financial Instrument) at which the Transaction was concluded with the prior consent of the other Party (where the change in the transaction price shall also be deemed as a posting on the Cash Account reflecting such change in price); or
 - 2) withdraw from the Transaction, and in the event of cancelling the Transaction closing the open Position, the position will be reopened, which entails for you the risk of higher losses or activation of the "stop out" mechanism We do not guarantee that as a result of withdrawing from the Transaction closing a position on your Cash Account, there will be no negative balance (debit) as a result of the Settlement made at market prices.
6. If we enter into a Trade in Erroneous Quotations as a result of an event described in section 5.2, we will not be able to engage in any of the activities described in section 5 unless we suspend our ability to Order or Trade in Financial Instruments Quoted as a Underlying Instrument within 60 minutes of the suspension of trading in the Underlying Instrument.
7. In the event of the occurrence of the events referred to in section 5, the notifying Party shall immediately, but no later than within 2 Business Days from the date of entering into the Transaction, notify the other Party thereof, informing it of the type of the event that occurred, the Transactions in respect of which the notifying Party has the right referred to in section 5 and the type of selected solution provided for in section 5. The provisions of Chapter 6, Paragraph 6, of these Terms of Use shall apply.
8. In the Exceptional Circumstances, the term referred to in section 7 may be extended to a term defined by us or by you if you are the Notifying Party.
9. A change in the transaction price (the price of the Financial Instrument) at which the Transaction referred to in section 5(1) was executed shall result in the Transaction being deemed to have been concluded at a changed price.
10. Withdrawal from the Transaction referred to in section 5(2) shall result in the Transaction being deemed unsuccessful. At the same time, in the case of withdrawal from a Transaction, the Parties shall be entitled to cancel pending Orders related to the Transaction from which the Party has withdrawn.
11. The notification referred to in paragraph 7 shall be made in at least one of the following ways:
 - 1) by telephone in the same mode as for placing telephone instructions, or
 - 2) by sending a letter by courier, or
 - 3) by electronic means, to the e-mail address provided by the Website; in our case, the relevant address is makler@tms.pl
12. The right to withdraw from the Transaction shall not exclude contractual liability.
13. In the event of an Erroneous Quotation for which we are liable, Our liability shall be limited to the situation where the damage is caused by circumstances arising out of Our wilful misconduct or gross negligence. We shall not be liable for damage suffered as a result of a Trade based on an Erroneous Quotation if (i) the price displayed on the Trading System is abnormally and manifestly different from the market price; or (ii) the Erroneous Quotation is the result of a technological error or failure; or (iii) you knowingly use the Erroneous Quotation. Our entire

liability to you in the event of an Erroneous Quotation, including any liability for lost profits, is limited to an exclusive contractual penalty of 3% of the Margin Account value as security for your Erroneous Quotation Transaction.

14. In the event of reasonable circumstances indicating that you are entering into a transaction in bad faith with the purpose of using Erroneous Quotations, we reserve the right referred to in section 5. The provisions of sec. 6 -11 above shall apply accordingly.
15. In the event that we determine that you have entered into several transactions based on Erroneous Quotations, we reserve the right to terminate the Framework Agreement with immediate effect.

Chapter IV - Maintenance of the Cash Account and related records

Information: The Cash Account is used to service your assets with us - it is your account that receives your deposits and we process your withdrawals. We also use this account to book your results on your transactions. On the Cash Account we present you with the Amount of Clearing Requirement resulting from the Positions on Financial Instruments opened by you.

§1 Cash Account

1. In order to enable you to execute your orders, we open an individual Cash Account for you, which is maintained with us on your behalf.
2. You can only be the owner of a Cash Account.
3. The Cash Account is used to:
 - 1) handling of your deposits and withdrawals in the form of remittances and transfers - it is not possible to fund the account in cash,
 - 2) Settlement of your transactions - as a result of closing your positions, cash flows are created, the result of which we book on the Cash Account,
 - 3) charging commissions for completed orders and other fees resulting from the Table of Fees and Commissions,
 - 4) crediting or debiting due to interest,
 - 5) disclosure of the value of the Clearing Requirement,
 - 6) other cash-flows agreed by the Parties,
4. You are obliged to maintain the cash balance at the level necessary to Settlement of the result of the Transactions, i.e. to ensure that the balance always allows to withdraw the Clearing Requirement.
5. The Cash Account may be maintained for you in one of the currencies selected in the Client's Data Card. Please note that the currency in which your Account is denominated affects your risk in relation to the final settlement of your Positions, as the Settlement of the Transactions is made automatically in the Base Currency of your Account.
6. You may have more than one Cash Account, and each of such accounts is equivalent, subject to the express provisions of these Terms of Use.
7. The funds deposited on the Cash Account are interest-free. The interest earned on the cash deposited on the Cash Account constitutes our remuneration for maintaining the Cash Account and is intended to improve the quality of services provided through the development of IT infrastructure, including Transaction System.
8. The first Cash Account is opened during the Agreement conclusion process and is available for execution of Transactions by you within 5 business days from the date of the Framework Agreement conclusion. You may open further Cash Accounts under the same Agreement on the basis of:
 - 1) a written instruction to open an account submitted to the Customer Service Point at our registered office,

- 2) a written instruction to open an account sent by correspondence - after we have verified your signature with a specimen of your signature; for persons who have concluded an Agreement in electronic form, the written instruction must be confirmed by a notary public,
- 3) via telephone - upon verification of your phone password,
- 4) instruction to open the account submitted in the Client Zone (in case of Clients who entered into the Framework Agreement in electronic form in Polish language version).
9. It may happen in special circumstances that a Settlement on your Cash Account results in a negative balance (debit). In such a case, after deducting your funds from other Cash Accounts, we will adjust the closing prices of the Transaction so that the balance on the Cash Account is 0 (zero). If you have accounts in different currencies, we will perform the currency conversion as described in Chapter 5.
10. Cash accounts may be closed at your request or by our notice. Upon your request, the Cash Account will be terminated 7 days after we receive your notice. We shall be subject to the provisions of Chapter 7 to terminate the Cash Account.
11. The minimum number of Cash Accounts we may maintain under the Framework Agreement is one. If there is no Cash Account, the Agreement may not be performed and shall be terminated.
12. Once your Cash Account is closed, we will deactivate your Account and its services, and you will be able to access your historical information from us based on the request for which you may incur the fees indicated in the Table of Fees and Commissions. For your convenience, we recommend that you archive your daily reports regularly and send them to your e-mail address.
13. The maximum amount of adjustments made by TMS Brokers in relation to all negative balances on your Cash Accounts in TMS Brokers in the TMS Trader, TMS Connect, TMS Prime products may not exceed the equivalent of the amount specified in the Regulation of the President of the Management Board. The amount referred to above may depend on Clients Classification to which you have been qualified, the amount of funds accumulated on your Cash Accounts or the Margin applicable to You.

§2 Deposits

1. You can deposit into a Cash Account in any of the following ways:
 - 1) transfer to the bank account appropriate for the operation of the Transaction System in the variant specified by you: TMS Trader, TMS Connect or TMS Prime,
 - 2) Quick transfer through payment institutions. Detailed information on payments can be found in the Regulations of payments to the Cash Account through the website for TMS Brokers S.A. Clients available on our website.
 - 3) by an internal transfer from another Cash Account that we hold for you.
2. The payment should include in its title the designation of the Cash Account that we are to fund for you. If you do not do this, our employee will contact you to explain which account you want to credit. Please note that in such a case, posting is not automatic, so that your Cash Account will be credited later than if it is properly marked at the time of deposit.
3. Subject to section 2 above, deposits shall be made immediately after they are credited to our bank account or upon receipt of reliable information from an operator of prompt payment about such crediting, but no later than 2 Business Days after the events specified in this section and section 2.
4. We are not responsible for any delays in power supply or information provided due to reasons beyond our control.
5. You make payments to the bank accounts indicated in the TMS Brokers Information Sheet in the currency in which the accounts are maintained.
6. Cash payments to the Cash Account shall be accounted for in the following order;
 - 1) To cover commissions and fees due to us,
 - 2) To cover any interest owed to us for a negative balance on your Cash Account,
 - 3) To cover negative balance on the Cash Account,

- 4) To be used to open new Positions.
7. Making a payment to a bank account in a currency other than the currency in which the account is maintained will result in automatic currency conversion of the payment by the Bank in accordance with the table applicable at that Bank on a given day and may involve additional costs beyond our control.
8. If you make a deposit to a bank account in the same currency in which it is maintained, but it will be a currency other than the Account Base Currency that we maintain for you, we will contact you and offer you one of the options:
 - 1) Opening a Cash Account in this currency
 - 2) Currency conversion of funds by us at the rate applied by the Bank.
9. It is our decision to choose the Banks that hold our customers' funds, however, with the reservation that the Banks are monitored with respect to the manner of providing the service of depositing the customers' funds.
10. Bank accounts used to hold our customers' funds are specially designated for the Bank.
11. Your funds are kept separate from ours. Bank accounts used to hold our customers' funds are not used by us to hold our funds.

§3 Withdrawals

1. Withdrawals from the Cash Account may be made only to your bank account specified in the Client's Data Card. We do not make any cash withdrawals.
2. You can add your bank account number that will be used to proceed with your withdrawal requests, by indicating it once in Client's Data Card when you fill in the real account opening form or through functionality available in Client Zone.
3. You can add bank account number through Client Zone only once, this functionality is available only for Retail Clients.
4. We will send you Authorization code to verify your intention to add bank account number through Client Zone.
5. Your request to add bank account number through Client Zone is understood as an update of Client's Data Card.
6. Making a withdrawal from a bank account in a currency other than the currency in which the account is maintained will result in automatic currency conversion of the payment by the Bank in accordance with the table applicable at that Bank on a given day and may involve additional costs beyond our control.
7. You may submit an instruction to withdraw funds from your Cash Account after you have authenticated yourself with us:
 - 1) personally at our registered office,
 - 2) by phone - within Our working hours to the number provided on TMS Brokers Information Sheet,
 - 3) in the Client Zone.
8. A specimen withdrawal instruction can be found at www.tms.pl/dokumenty
9. The withdrawal instruction must contain, among other things, the following elements:
 - 1) Name and surname of the Client,
 - 2) Name and surname of the representative, if any,
 - 3) Number of the Cash Account, from which the withdrawal is performed,
 - 4) Withdrawal amount,
 - 5) Withdrawal currency,
 - 6) indication of your bank account number if you have defined more than one withdrawal account in the Client Data Card.
- 7) Instructions in the scope other than the above may be made in person at the Customer Service Point.
10. Instructions for withdrawal from the Cash Account submitted in the Client's Zone require authentication by means of an Authorisation Code.

11. Telephone instructions for withdrawal from the Cash Account require authentication with the use of a password specified in the Client's Data Card.
12. You must not question the authenticity of a properly authenticated withdrawal instruction.
13. Before authenticating a withdrawal instruction, you should ensure that it is unambiguous and in accordance with your intention.
14. We will confirm the acceptance of the withdrawal instruction submitted to the Client Zone by an appropriate message, subject to subparagraph 19 below.
15. Execution of a withdrawal order means the transfer of funds by us to our Bank in accordance with the conditions specified in the withdrawal order.
16. We do not execute any payment instructions with a future date.
17. We shall execute the payment instructions immediately, however not later than within 3 Business Days. In the Exceptional Circumstances, this time may be extended.
18. We do not check the currency of the bank account to which you have ordered the withdrawal of your funds.
19. We will not process your withdrawal if:
 - 1) you will not indicate your bank account number in Client's Data Card,
 - 2) the funds were seized on the basis of an enforcement order, either judicial or administrative,
 - 3) you will not have sufficient funds to carry it out - this will happen if the amount of the ordered withdrawal is higher than the value of the Free Cash,
 - 4) we will be required to block your withdrawal in accordance with generally applicable laws and regulations on the basis of instructions from government agencies,
 - 5) we have a reasonable suspicion that the funds booked on your Cash Account are the result of Transactions made at non-market prices,
 - 6) the funds booked are the result of technical accounting related to the mechanism of correcting Transactions,
 - 7) The transaction is made by a payment institution that has not yet provided funds to your Cash Account, although they may already be visible in your Operational Register.

§4 Operational Register

1. The data supplying the Operational Register comes from the transaction server of the Transaction System.
2. The balance of the Operational Register is created by adding to (i) the balance of the Cash Account (ii) Settlement of all items shown in the Register of Financial Instruments according to the Base Currency of the Account.
3. The Free Cash shown in the Trading System as a "Free Deposit" represents the funds to which you have the right, i.e. you can withdraw them, use them to open new positions or you can use them as a reserve for potential unfavourable Quotation of your Positions. This right is limited by your obligations to us.
4. Collateral Level, visible in the Transaction System as the "margin level" is a quotient of (i) the Operating Register Balance (principal) and (ii) the Margin Requirement level. The Security level is used to activate the stop out mechanism. The Operational Register contains information on the margin level.

§5 Register

1. The Register serves after the presentation of all relevant information on the positions on your account including:
 - 1) name of financial instrument;
 - 2) position number (ticket)
 - 3) date and time of opening,
 - 4) Direction of the position - buy/sell (type),
 - 5) nominal value of the position (Volume),

- 6) opening price of a position (it means the opening price of a given Position),
 - 7) current price of the Financial Instrument,
 - 8) Take profit and Stop Loss (T/P and S/L),
 - 9) accrued Swap points (swap)
 - 10) accrued commission (commission),
 - 11) the result on the position expressed in the Base Account Currency (Profit).
2. Register is available in the Transaction System. The Register also presents your pending orders.
 3. The Register of Financial Instruments is fed with data from the Transaction System transaction server - all Quotations are current prices.
 4. The aggregate value of open Positions is the Exposure.

§6 Settlement (Quotation)

1. We will keep track of your receivables and liabilities on each of your Open Positions in the Trading Register (Quotation of open Positions) until the close of the Positions.
2. Settlement of Positions takes place in the Register of Financial Instruments for each of your open Positions separately.
3. Settlement is carried out on the basis of Quotation Rates available in the Transaction System in accordance with the following rules:
 - 1) long positions are valued to selling price (bid),
 - 2) Short positions are valued to purchase price (offer).

§7 Clearing

1. The clearing occurs at the moment:
 - 1) Opening of position,
 - 2) Closing of position.
2. The clearing at the moment of opening the Positions shall consist in debiting the amount of the fees charged to the Cash Account in accordance with the Table of Fees and Commissions.
3. The clearing at the moment of closing the Positions shall consist in crediting or debiting to the Cash Account the amount of the result on the closed Position.
4. In addition to the amount resulting from the exchange rate differences between the opening price and the closing price, at the time of the Clearing any debits or credits listed in the "swap" column of the Transaction System (e.g. swap points accrued in respect of the maintenance of such Position) and in the "commission" column shall be credited to the Cash Account.
5. Adjustments may also be entered in the accounts as part of the Clearance of Accounts.
6. In the event that a debit occurs on your Cash Account as a result of the Clearance of Positions and you do not have sufficient funds/assets on your accounts, we will adjust the closing prices of the Transactions so that the balance on your Cash Account is 0 (zero), net of any mutual liabilities or receivables, subject to the provisions of Chapter 4, § 1 (9) and § 1 (13).
7. The adjustment of closing prices of a Position referred to in Section 6 shall not require your consent.

§8 Collateral for receivables resulting from Transactions entered into on the basis of the Framework Agreement

1. Pursuant to the Framework Agreement, you agree to provide security to Us by transferring to Us, together with each opening of a Position, ownership of a portion of the funds in the Cash Account in the amount of the Margin Requirement as determined in accordance with the [Quotation] Settlement (current value of the Item).
2. The collateral referred in sec.1 above shall be established at the latest at the moment of opening of the position and shall last until the settlement of transactions concluded under the Framework Agreement. The purpose of this collateral is to secure our future cash claims against you arising out of the Clearing of Trades under the Framework Agreement.

3. The collateral referred to in section 1 above may be released in full only when all Positions have been closed.
4. For the purposes of establishing the collateral referred to in section 1 above, we shall calculate at least once on a Business Day:
 - 1) amount of Clearing Requirement,
 - 2) amount of Clearing Received Funds,
 - 3) amount of Required Margin,
 - 4) value of Unrealized Position.
5. Apart from the consent referred to in section 1 above, pursuant to the Framework Agreement you agree to change the amount of the security referred to in section 1 above each time as a result of the calculations made by us referred to in section 4 above, including the change in the amount of funds transferred to us together with each opening of the Positions, which may occur prior to the Settlement of Transactions entered into under the Framework Agreement.
6. The collateral referred to in section 1 above shall be established in the Base Currency of the Account. The value of the Clearing Requirement and the value of the Clearing Received Funds are the amounts expressed in the Base Currency of the Account. Margin Requirement and Unrealised Position Value, if denominated in a currency other than Account Base Currency, shall be converted into the Account Base Currency at the Exchange Rate.
7. If after the calculation of the value, mentioned in subparagraph 4, it turns out that the value of the Clearing Required is higher than the value of the Clearing Received Funds, we shall be entitled to demand from you the delivery of cash in the amount equal to the difference between the value of the Clearing Requirement and the value of the Clearing Received Funds. In such a case, you are obliged to make an immediate payment to the Cash Account.
8. If after the calculation of the value, mentioned in subparagraph 4, it turns out that the value of the Clearing Required is lower than the value of the Clearing Received Funds, we shall transfer the funds from Our account to the Cash Account in the amount equal to the difference between the value of the Clearing Received Funds and the value of the Clearing Requirement.
9. We shall be entitled to satisfy ourselves from the collateral, mentioned under section 1 above, in the case when at the time of the Transaction Clearing, the amount sufficient for the Transaction Clearing is not present on the Cash Account. We will notify you of the expiry of your claim for the release of the collateral referred to in section 1 above by posting a notice in the Operational Register that the Unrealised Position Value is 0.
10. If the Settlement referred to under section 9 above results in a payable liability exceeding the value of collateral referred to under section 1 above, in such a case a negative (debit) balance shall be recorded on the Cash Account. You are obliged to repay the resulting liability immediately.
11. Our claims under the Master Agreement may be subject to immediate set-off by us against any claims of a Professional Client who is not a natural person, including those covered by the security referred to in clause 1 above, under the Netting Clause. The offsetting under the Netting Clause shall also be permitted where claims are not due.
12. Our claims under the Framework Agreement may be subject to immediate set-off by us against any claims of a Retail Client, including those covered by the security referred to in clause 1 above, on the basis of the legal relationship established between the civil law entities.
13. Under the set-off referred in sec. 11 of the Agreement:
 - 1) the net amount resulting from the calculation of mutual receivables of TMS Brokers and the Client shall be paid to the party whose receivables or the sum of receivables is higher;
 - 2) a claim for payment of the amount referred to in item 1) above shall be due, even if the offset receivables were not due.

14. Under the set-off referred in sec. 12 of the Agreement:
 - 1) the net amount resulting from the calculation of mutual receivables of TMS Brokers and the Client shall be paid to the party whose receivables or the sum of receivables is higher;
 - 2) a claim for payment of the amount referred to in item 1) above is due, also even if the receivables of the deducting party is also due.
15. We shall be entitled to set off any mutual claims against each other on the basis of the Netting Clause without prior notice to the Client of our intention to do so and without the Client's instructions.
16. The deduction referred in sec.12 above shall be made under Our declaration submitted to the Client. The declaration shall have retroactive effect as from the date on which the offsetting becomes effective.
17. We may set off our mutual claims against each other pursuant to the Netting Clause and the set-off referred to in section 12 above, in particular in the event of the total or partial closure of the Positions and Settlement of the Transactions.
18. The security referred to in section 1 above shall be established in order to enable the provision of services on the basis of the Framework Agreement and the Terms of Use.

§9 Transaction Collateral

1. Execution of the order placed by you depends on the establishment of a collateral for the execution of the Transaction.
2. Collateral for the execution of a Transaction may take the form of a Margin Account only.
3. In respect of Transactions concluded, we shall collect Margin Account collateral from you for future Settlement of your Positions.
4. We charge your Margin in the Base Account Currency that you specify.
5. We calculate the Margin Account according to the formula: nominal value of the Transaction * Margin Account Rate * Exchange Rate.
6. The Exchange Rate applied to calculate the Margin Requirement at the opening of the Positions shall remain unchanged until the Positions are closed irrespective of any market changes.
7. The Margin Rate may be changed in accordance with the values set out by us in the Specifications for Financial Instruments. The revised Margin Rate applies to all existing and new Positions.
8. Remember that you must maintain on each Cash Account an adequate level of the Clearing Requirement in the amount necessary to cover the liabilities resulting from the Transactions you have entered into.
9. If the Collateral Level falls to 100% or lower, we notify you by changing the color of the lower bar in the Transaction System in the installation version. It is a situation in which you get a so-called "Margin call". Opening a new position in the transaction system is possible in principle when the Free Margin level is positive and the level of the newly opened position is sufficient to cover the Margin. There is a special case in which it will be possible to open an opposite position when the Collateral Level will show a value of 100% or below. Such a situation will arise when, as a result of opening a new opposite position position to already existing on the same Financial Instrument, the total value of the Margin for all open positions on that Financial Instrument will not be greater than the Margin for all open positions on the same Financial Instrument before the new opposite position is opened.
10. In the event that the Collateral Level reaches or falls below 50%, we will be required to close one or more of your Positions in whole or in part in order to improve the level of the Collateral Ratio (stop-out mechanism).

11. The operation will be executed starting from the Transaction which generated the highest loss, provided that the Financial Instrument on which it was generated is available for trading (trading hours are specified in the Financial Instruments Specification).
12. The operation will continue until the Collateral Level rises above 50%.
13. If the balance of the Cash Account shows a negative value, we may charge interest for each day of shortage in the amount specified in the Table of Fees and Commissions.
14. You agree that we may charge to your Cash Account the amount of accrued interest referred to in sec. 14.
15. You should observe the level of collateral as often as possible. For your convenience, we have made available a version of the Transaction System for mobile devices (phones and tablets) to manage your Positions.

§10 Rollover of open positions in Financial Instruments based on currencies, share prices and ETFs as well as XAGUSD, XAGUSD.stp, XAUUSD, XAUUSD.stp, GOLD.std, GOLD.pro, SILVER.std, SILVER.pro, COPPER, COPPER.std, COPPER.pro.

1. Open Positions on the title Financial Instruments - not closed by midnight of each Trading Day are subject to the automatic Rollover Process for the next Trading Day.
2. There may be deviations from the standard Rollover rules due to e.g. public holidays on the market to which the transaction relates.
3. The rollover involves the calculation of swap points. The values of the calculated swap points are presented in the Register of Financial Statements in the "swap" column.
4. Swap points for individual Financial Instruments are calculated separately for long and short positions, at least once a week on Monday, and then published on the TMS Brokers website in the Swap Points Table. We reserve the right to make more frequent changes in the situation of significant changes in the interest rates of loans and deposits on the interbank market.
5. Position Rollover Operation is repeated each Trading Day for a given Financial Instrument until the Position closing date.
6. Swap points are calculated in the trading system around midnight CET.
7. Swap points are calculated in the trading system around midnight CET.
8. Swap points covering the weekend are calculated on a Friday basis.
9. The value of swap points is indicated in the Register until the closing of the Position.
10. Detailed information, including the formula of calculation and parameters adopted for the calculation of swap points, are presented in the Swap Points Table.
11. The provisions of this paragraph shall also apply to Rollover of Financial Instruments based on a crypto-currencies, subject to § 12.

§11 Rollover of Financial Instruments based on futures contracts

1. An Open Position in a Financial Instrument based on a futures contract that has not been closed by the end of the day on which the series of that contract is changed shall be subject to the Rollover Process.
2. Rollover involves calculating the base difference (the contract price of a new series minus the contract price of an old series). The values of the calculated swap points are presented in the Register in the "swap" column. Costs resulting the Rollover are presented in the Table of Fees and Commissions.
3. A change in the contract series, which is the Underlying Instrument for a Financial Instrument based on the quotation of futures contracts, results in a change in the price at which the financial instrument is measured. As a result, the diagrams show spaces (gaps).
4. In the event of changing the Underlying Instrument series, we shall not change, cancel or modify your Orders, in particular the parameters of these Orders. The Rollover may result in the closure of your open Positions (stop-out, stop-loss), especially in situations described in Chapter 3, § 12 (8), so monitor your Accounts carefully.

5. If you have limit and stop Orders on a Rolled Financial Instrument based on a futures contract close to the current price, adjust them to updated prices of a new series of the underlying contract and adjust the amount of cash on the Cash Account to a level enabling you to maintain your Position after calculating the base difference.
6. We will inform you about the date of the series change on our website in the Rollover Table. These dates may change due to low liquidity of the current underlying contract.
7. The value of calculations resulting from the difference in the base is indicated in the Register until the moment of closing the Positions.
8. Rollover dates for individual Financial Instruments are available in our Customer Service Centre and on our website.
9. Indicative base differences rates are available on our website on Rollover Day. Indicative rates result from the fact that until the end of trading in instruments the base may change, so it is not possible to determine it precisely in the session transactions.
10. The provisions of this paragraph shall also apply to Rollover of Financial Instruments based on a crypto-currencies, subject to § 12.1 (2).

§12 Rollover of Financial Instruments based on crypto-currency

1. Rollover of instruments based on crypto-currency is performed by simultaneous counting:
 - 1) Swap points for open positions as described in § 10; and
 - 2) difference of base due to change of base contract series on principles described in § 11 , provided that base contract is an exchange futures contract.

§13 Equivalent of Corporate Events

1. Corporate Events may include, but are not limited to, the payment of dividends, pre-emptive rights, distributions and consolidations of shares.
2. The price of the CFD reflects the impact of property events that occur on the Underlying Instrument. It means, in particular:
 - 1) if a company on a spot market, e.g. pays a dividend, we reflect the same flow on our CFD contract. If you do not close your Positions by the end of the Trading Day on which the dividend right is determined on the Underlying Instrument, your Account will have an equivalent (shown in the swap column) which will reflect such dividend, provided that the cash flow from holding long positions will be adjusted by the dividend tax equivalent.
 - 2) If the Company issues pre-emptive rights on the first trading day of the Underlying Instrument without pre-emptive rights, the equivalent of the value of such rights shall be reflected in your Record Account.
 - 3) If the Company divides or merges shares constituting the Underlying Instrument for Financial Instruments recorded in your Account, there will be a change in the number of Financial Instruments in your Record Account corresponding to an event on the Underlying Instrument. If the number of Financial Instruments on your Record Account is indivisible by the merger factor, the indivisible part shall be closed and settled by posting it to your Cash Account.
 - 4) In the case of other Corporate Events of the nature of property rights, we will strive to take into account the equivalent of significant economic aspects resulting from such events through appropriate entries in your Accounts.
3. Equivalents resulting from Corporate Events are presented in the Register of in the "swap" column or on the Cash Account.
4. Equivalents arising from Corporate Events relate to both long positions (purchased contracts) and short positions (sold contracts).
5. Information regarding the calculation of equivalents resulting from Corporate Events is presented on the following website www.tms.pl/aktualnosci

6. Financial Instruments do not include personal rights arising from the Underlying Instruments, e.g. The Client is not able to participate in the General Meeting of Shareholders of the Company having an open long position in the Financial Instrument.

§14 Blockades and pledges

We do not execute any blockades or pledges on cash or Financial Instruments.

Chapter V - Currency exchange

Information: Currency exchange occurs when you trade in a currency other than the Account's Base Currency. This applies in particular to the charging of commissions or the recording of the result on your Transactions.

§1 Currency exchange

1. The currency exchange is automatic and does not require any instructions or orders from you.
2. Currency exchange takes place only at the moment when operations are carried out on your Cash Account in a currency other than the Account's Base Currency - this applies in particular to the Settlement and posting of fees and commissions expressed in other currencies.
3. Currency exchange on currency-based Financial Instruments is carried out according to the following rules:
 - 1) for costs and liabilities - is carried out at the buying (offer) rate of the currency in which the liability or cost arises in relation to the Account Base Currency. The rate shall originate from the Transaction System at the time of the execution of the source transaction,
 - 2) for receivables (e.g. profits from your transactions) - is made at the bid rate of the currency in which the receivable arises in relation to the Base Currency of the Account The rate shall originate from the Transaction System at the time of the execution of the source transaction,
 - 3) if a given currency pair is not offered directly in the Transaction System, the first currency change is according to the following formula the U.S. dollar and then the Account Base Currency,
 - 4) the result on Financial Instruments other than those based on currency pairs is converted at the bid rate, regardless of whether you have a profit or loss.

Chapter VI - Miscellaneous

§1 Fees and Commissions

1. For the services covered by the Agreement you will pay the costs and fees disclosed in the Table of Fees and Commissions. The Table of Fees and Commissions is established and amended by the Regulation of the President of the Management Board.
2. The spread is charged by us on account of the market risk borne by us in connection with the execution of your Orders. Similarly, for a commission charged in the form of a separate flow on your Cash Account.
3. The fees and commissions specified in the Table of Fees and Commissions are charged by us from the Cash Account without the need to obtain your consent each time.

 - g) how to obtain an expected response to a complaint, in particular whether you want to receive an e-mail response.
 - 3) describe the subject of the complaint in detail (indicate, inter alia, whether the complaint concerns the opening of the Position, closing of the Position, non-performance of the Order, the Order execution price), the time covered by the complaint and the circumstances justifying the complaint,
 - 4) include a clear definition of your expectations regarding the way your complaint will be handled.
5. If your complaint does not meet the criteria set out in paragraph 4, we will ask you to complete it. If you do not provide us with the required information within 7 days of such a request, we will have to leave it unrecognized.
6. Your claims may concern only the incurred material losses. Claims may not concern compensation for moral damage or lost profits - such claims may be settled only in court.
7. You must be aware that submitting a complaint immediately after the You have received the objections will facilitate and accelerate reliable processing of the complaint by TMS.
8. Upon your request, we will send you an acknowledgement of receipt, in the manner indicated by you in the Customer Data Card.
9. We are obliged to examine and respond to your complaint without undue delay, however, not later than within 30 days from the date of receipt. In order to meet the deadline, it is sufficient to send a reply before the deadline expires.
10. In the particularly complicated cases, which make it impossible to consider a complaint and give an answer within 30 days, TMS in the information provided to You:
 - 1) explains You the reason of delay;
 - 2) indicates the circumstances which must be established in order for the case to be dealt with;
 - 3) specifies the expected time for processing the complaint and answering it, which may not exceed 60 days from the date of receiving the complaint.
11. If the subject matter of the complaint cannot be determined from its content, we shall call upon You to submit, within 30 days from the date of receiving the call, an explanation or supplementation of the complaint, with the instruction that failure to remove such deficiencies shall cause the complaint to be left unprocessed.
12. During the complaint handling process, you may be requested to provide additional information and documents necessary for the complaint handling.

13. We respond to the complaint or send a request to supplement the complaint referred to in paragraph 12 in writing, by registered mail or by courier service to the address indicated in the Client Data Card.
14. The reply to the complaint may be delivered to the e-mail address only at your request.
15. The request referred to in paragraph 14 should be submitted in writing, by telephone or by e-mail.
16. You should cooperate with us in the course of the complaint handling process and in the scope of fulfilling your claims or repairing damage. Lack of cooperation may cause the complaint to be resolved on the basis of the data we have at our disposal, and may have further consequences, e.g. consisting in particular in your contribution to the creation or increase of damage.
17. You have a right of appeal from our decision. For appeal, the same procedure and deadlines apply as for complaint. Your appeal is considered by a person other than the person who dealt with the complaint. If a negative decision is maintained as a result of an appeal lodged by You, we reserve the right not to consider your further appeals, unless you disclose new facts that will give rise to a change in the current position of TMS.
18. We provide for the possibility of out-of-court settlement of the dispute with the Client, i.e. through mediation. We anticipate the possibility of using the Court of Arbitration at the Polish Financial Supervision Authority.
19. In the event of a dispute with individuals, we designate the Financial Ombudsman as the competent body for out-of-court settlement of disputes with individuals. Website of the Financial Ombudsman: <https://rf.gov.pl/>
20. If the claims resulting from the complaint are not accepted:
 - 1) you have the right to appeal, which you are entitled in the same procedure and deadlines apply as for complaint, additionally specifying the data identifying the complaint you are appealing against;
 - 2) you have the right to request the Financial Ombudsman to examine the matter (if the Client is an individual),
 - 3) You have also the right to bring an action before a common court against us. The court having jurisdiction to hear the case shall be common court having jurisdiction over the seat of Dom Maklerski TMS Brokers S.A. or over the place of executing the agreement.
21. We reserve the right to evaluate correspondence sent by the Client. Complaints against our activities not directly related to brokerage activities will be treated as comments and objections. Therefore, the above provisions shall not apply to such claims.

§3 Mitigation of the operational risk

1. For the purposes of this paragraph, the following definitions shall apply:
 - 1) **Key Terms** - means, with respect to a Transaction, its denomination, currency, underlying instrument, Transaction Party, settlement date, execution date, effective date and valuation;
 - 2) **Divergence** - means any divergence between you and us in respect of any Key Terms relating to a Trade
 - 3) **Transaction** - a transaction entered into between you and us in a Derivative Instrument;
 - 4) **Derivative** - means a financial instrument as defined in Article 2(5) of the EMIR Regulation;
 - 5) **Trader** - You, i.e. Our Client who is also a Trader within the meaning of the EMIR Regulation and who has entered into a Master Agreement with TMS Brokers and a Trades under that Agreement.
2. The Transaction System provides the Trader with reports on the Transactions entered into, their Key Terms and collateral value. It is the Trader's duty to monitor the Transactions entered into and to confirm the Key Terms of the Transaction entered into and the value of collateral within the next Business Day following the Transaction conclusion date. For Trades entered into after 4 p.m. Polish time, the time limit shall be extended by another Business Day.

3. Failure to report a Deception on the Key Terms of Transaction or on the value of the portfolio hedge within the timeframe referred to in sub-paragraph 2 shall mean that the Trader absolutely confirms the Key Terms of Transaction and the value of the portfolio hedge.
4. All Transactions confirmed by the Trader shall be deemed to have been agreed in accordance with the EMIR Regulations.
5. At least once every six months we will conduct a Portfolio Compression Analysis. The analysis of the possibility of Portfolio Compression will be carried out if the Trader holds at least 500 open positions.
6. The compression of the Portfolio shall consist in the combination of the open Trader's Positions. In particular, the Portfolio Compression will consist in closing many Open Positions in the Financial Instrument based on the same Underlying Instrument and then opening one Transaction in the net denomination of the Positions before the Portfolio Compression. We charge the fees indicated in the Table of Fees and Commissions for the Portfolio Compression.
7. Each time before the Portfolio Compression attempt, we make contact with the Client. We are entitled to Compress the Portfolio without your consent.
8. In the event of a material Divergence in the Key Terms of Transactions entered into, their valuation or collateral value, the Trader should raise its reservations to emir@tms.pl within the deadline referred to in sub-paragraph 2.
9. For the purposes of the definition of the Divergence, it is agreed that the nominal value of the transaction to which the Divergence relates should exceed EUR 5,000,000.00 in order to be considered in the manner specified in this paragraph.
10. The issuance of a Statement of Divergence shall include, but not be limited to:
 - 1) information that the objection is being made in the "EMIR discrepancies" mode
 - 2) the date on which the Divergence was identified by the Trader,
 - 3) indication of the Transaction and the Key Terms of the Transaction or the value of the collateral in the portfolio, in relation to which the Trader has identified the Divergence;
 - 4) the Trader estimates the Key Value of the Transaction or the value of the portfolio security, which in its opinion should be included in the reports provided by TMS Brokers in the TMS Brokers Transaction System.
11. Information on discrepancies which do not meet the conditions set forth in this paragraph shall be identified and dealt with as a complaint in accordance with the provisions of these Terms of Use.
12. We will review your concerns under paragraph 8 within five Business Days of the date of your Divergence.
13. If you fail to resolve the Divergence within the time period referred to above, you and We agree to inform our Management Boards of the subject matter of the Divergence and that the Divergence has not been resolved. The Board of Directors shall attempt to resolve the Divergence in good faith within the next 10 Business Days.
14. If the Divergence has not been resolved by that time, we will close the Client's Transaction to which the Divergence relates. The Client agrees to the above.

§4 Reports from services

1. Due to the provision of services under the Agreement, we provide you with the following reports confirming the transactions, costs and operations on your Accounts on a Permanent Storage Medium:
 - 1) Confirmation of the Order execution,
 - 2) Specification of financial instruments.
2. Reports are sent to you free of charge on a Permanent Information Storage Medium to the e-mail address defined in the Client's Data Card or, for a fee, (i) by correspondence, (ii) in person at the Customer Service Point according to the rate specified in the Table of Fees and Commissions.

3. At the end of each Business Day on which you concluded an operation (including a transaction) on your account, we will provide you on a Permanent Information Storage Medium with a report including a list of closed positions on a given day, a list of open positions and a list of pending orders together with a summary of the cash balance on your Cash Account, as well as an indication of the current values (resulting from the last Quote): (i) Clearing Requirement, (ii) Clearing Received Funds, (iii) Margin Account and (iv) Unrealized Position Value.
4. The confirmation of the Order execution shall include the following information:
 - 1) We, as the entity submitting report,
 - 2) Account ID,
 - 3) date and time of Transaction,
 - 4) Type of order,
 - 5) Symbol of the system,
 - 6) buy/sell ID or nature of the order for orders other than buy/sell,
 - 7) symbol of financial instrument;
 - 8) number of financial instruments subject to the Order (quantity),
 - 9) the unit price at which the Order was executed, or if the Order is executed in lots, we may provide you with information on the price of each lot or an average price; in the latter case, we will provide you, upon your request, with information on the price of each lot,
 - 10) total price (understood as the total value of the transaction),
 - 11) the total amount of commissions and expenses charged and, where applicable, a breakdown of individual items, including, where applicable, the amount of any additions or write-downs where we have made a transaction on our own account and are responsible to you for doing so in the best possible manner,
 - 12) the exchange rate obtained where the transaction involves a currency conversion,
 - 13) Your obligations in relation to the settlement of transactions, including time limits for payment or delivery and the relevant account details, unless such details and obligations have been notified to you in advance,
 - 14) if we, or any member of the group to which we belong, or any other member of our customer, were your counterparty, an indication of this fact, unless the order has been executed through a trading system that facilitates anonymous trading.
5. Confirmation of Order execution shall be delivered at the latest on the first Business Day after the order execution.
6. If we operate a Retail Client's Cash Account that includes positions in High Risk Financial Instruments or Contingent Liabilities, we will notify the Client that the initial value of each instrument has decreased by 10% and then by a multiple of 10%. Reporting shall be done on an instrument-by-instrument basis, unless otherwise agreed with the client, and shall take place no later than the end of the business day on which the threshold is exceeded or, if the threshold is exceeded on a non-working day, before the close of the following business day.
7. The list of your financial instruments and funds includes the following information:
 - 1) details of all Financial Instruments or funds held by us for you as at the end of the period covered by the statement,
 - 2) the extent to which your financial instruments or funds have been traded in securities,
 - 3) the amount of any benefit accruing to your account from your participation in the securities transactions and the basis on which such benefit accrues,
 - 4) a clear indication of the assets or funds which are subject to the provisions of MIFID II and its implementing measures and those which are not,
 - 5) a clear indication of which assets are affected by which specific features relating to their ownership, for example in terms of collateral, apply,
 - 6) the market value or estimate, if market value is not available, of the Financial Instruments included in the summary, together with a clear indication that a lack of market price is likely to indicate a lack of liquidity.

8. Upon your request, we may prepare other reports or confirmations regarding the operations performed on your Cash Account. The cost of preparing such reports is specified in the Table of Fees and Commissions.
9. The reports or confirmations referred to in paragraph 8 shall be provided in the manner specified by you. Shipping costs shall be calculated in accordance with the relevant tariffs of the entities acting as intermediaries in their delivery and shall be borne by the Client.

§5 Compensation and guarantee schemes

1. Our clients' assets are protected under the Compensation Scheme in accordance with the Act. The purpose is to protect the assets of the Investors by providing the Investors with cash disbursements and to compensate for the value of lost financial instruments pursuant to the rules set forth in the Act.

Chapter VII - Final provisions

§1 Conflict of Interest

1. Conflicts of Interest arise in particular if any of persons referred in Chapter I par. 1 sec. 5 (21):
 - 1) we can make a financial gain or avoid a financial loss at your expense;
 - 2) we have an interest in a particular result of a service provided to the Client or a transaction carried out on behalf of the Client and the result is inconsistent with the Client's interest;
 - 3) we have financial or other reasons to place the interests of another client or group of clients above your interests;
 - 4) we do the same business as you;
 - 5) we receive or will receive from a person other than you, in connection with a service provided to you, an inducement in the form of a pecuniary or non-pecuniary benefit or service.
2. If any Conflicts of Interest exist in relation to the provision of services to you, which are the subject of the Framework Agreement and the Terms of Use:
 - 1) prior to entering into a Framework Agreement, we will notify you in writing or through a Permanent Information Medium of any Conflicts of Interest and you acknowledge receipt of such information from us,
 - 2) we make the signing of the Framework Agreement with you conditional upon your confirmation - in the form of a separate statement or directly through the signing of the Framework Agreement - of your willingness to conclude the Agreement despite the existence of Conflicts of Interest.
3. The information referred to in section 3 shall include an indication that the organisational and administrative arrangements we have established to prevent or manage any Conflicts of Interest may not be sufficient to ensure that the risk of damage to your interests will not materialise. The disclosure of the Conflict of Interest shall include a detailed description of the Conflicts of Interest arising in the provision of the service, taking into account the nature of the client. This description shall explain the general nature and sources of the Conflicts of Interest and the risks that arise to you from them and the steps taken to mitigate those risks, in sufficient detail to enable you to make an informed decision with regard to the investment service or ancillary service in the context in which those Conflicts of Interest arise.
4. Our policies for dealing with conflicts of interest shall apply on a continuing basis to the disclosure of conflicts of interest, i.e. both prior to and after the conclusion of the Framework Agreement, unless our organisational and administrative arrangements to prevent or manage conflicts of interest ensure that your interests are not prejudiced.
5. In the event that a Conflict of Interest arises in relation to the provision of services to you which are the subject of the Framework Agreement and the Terms of Use after the conclusion of the Agreement:
 - 1) we inform you of the existence of a Conflict of Interest in the manner set out in section 3 subsection 1), providing the information set out in section 3, and you acknowledge receipt of information from us about the existence of a Conflict of Interest,
 - 2) we will continue to provide services to you unless you provide us with notice of termination of the Master Agreement in accordance with these Terms and Conditions upon receipt of notice of any Conflicts of Interest, in which case we will regard your submission of Orders or Transactions as not having been notice of termination.
6. We make available the full content of the Terms of Use for managing conflicts of interest in Dom Maklerski TMS Brokers S.A. on the website <https://www.tms.pl/dokumenty>

§2 Recommendations

1. We may, at no charge or for a fee, make current general recommendations regarding the execution of transactions in Financial Instruments.
2. The recommendations referred to in sub-paragraph 1 shall not apply. The information referred to in paragraph 1 above may be provided orally by our employees or in the information section of the Trading System, as well as by other electronic means of communication.
3.
